I'll meet you at Michigan Plaza at 9 a.m. on the 22nd. If you need to change the time or date, please call me at 317-417-0980.

Thanks,  
Shelly

Thank you for allowing access. May we coordinate for June 22? I am hopeful it should only take a couple of hours at most, but just to be safe, want to have as much time to do this and not put the EPA responder in a schedule bind. If June 22 is ok, tentatively shoot for 9am?

Sincerely, Mark

Mark,

Mundell may gauge EPA's wells. I am currently available to allow you access to the wells during the morning of June 21 or all day June 22. I am also available the week of June 25th, although I would need to schedule around other obligations that week. Please let me know which of those days will work best for you.

Thank you Shelly. Also, may we coordinate to re-gauge several of the EPA wells in the next week or so? We wish to re-check the water levels in the vicinity of Holt Rd. We are interested in accessing the MW-WES-01, MW-WES-02 and MW-WES-05 well nests (each well). I am hopeful this should take no more than ~1.5 hr at most. Thank you in advance for any assistance.

Mark

Please see below.

Well ID	Screened Interval (ft)	Total Depth (ft)
MW-WES-01a	32.5-37.5	37.5
MW-WES-01b	41-46	46
MW-WES-01c	50-55	55
MW-WES-02a	24-29	29
MW-WES-02b	35-40	40
MW-WES-02c	45-50	50
MW-WES-03a	30-35	35
MW-WES-03b	40-45	45
MW-WES-04a	30-35	35
MW-WES-04b	40-45	45
MW-WES-05a	20-25	25
MW-WES-05b	32.5-37.5	37.5

---

Hi Ms. Lam:

Would it be possible to have screen interval info emailed to me for the VAS wells (Vermont St project?). I am trying to fit our EPA well gauging info into proper maps.

Thanks, Mark

**Subject:** 2Q12 Michigan Plaza sampling

Good morning Ms. Lam:

I have taken over project management duties for Michigan Plaza. We are looking to see if the EPA would be available to meet us this coming Monday (April 16) for access to the EPA wells. If not, when is the next availability an EPA representative might have to meet with MUNDELL at site?

Thank you, Mark
